Community Policing Advisory Committee

RE: Interim Appointment to the Community Policing Advisory Committee

Dear Community Policing Advisory Committee Member,

At its October 22, 2019 regular meeting, Council received and approved a request from Mayor Strathdee for a temporary leave of absence from his responsibilities as Mayor of the Town of St. Marys. This leave will be for an undisclosed period of time, but we are hopeful Mayor Strathdee will return to his duties in January 2020.

In an effort to ensure business continuity, Council passed the following resolution which appoints Councillor Edney as an interim member of the Community Policing Advisory Committee serving as Mayor Strathdee's replacement for the duration of his leave.

Council's wish is to maintain business as normal during this period of transition. For every day matters that would normally be directed to the Mayor, Council has asked that those matters be redirected to Acting Mayor Luna and/or CAO / Clerk, Brent Kittmer.

Do not hesitate to contact me should you require further information or clarification in regards to the resolution of St. Marys Town Council.

Sincerely,

Brent Kittmer
CAO / Clerk

Dear Kent,

Re: Theft of Copper and Other Metal Products

As you may be aware, the City of Sarnia has recently been plagued by a rash of theft of copper and brass products from City infrastructures, including the recent brazen attempted theft of live high voltage wires from a city facility. Not only is the stealing of these products illegal, it places a great strain on our City's resources that must be invested to replace the stolen items, and can result in serious injury or death by electrocution of the perpetrators.

These thefts can also lead to significant negative impacts to the reliability of services that are caused by power surges, fires, explosions or outages and unnecessarily jeopardizes the safety of the public and City employees when the theft unnecessarily compromises the functionality of any protective safety devices that may have been present.

We ask for your collaboration to help eliminate this dangerous and costly activity by reporting to local police when you notice any unusual activities surrounding the theft or sale of copper or brass products by individuals and help us spread the word about the deadly consequences that may result from trying to steal copper.

If you have any questions, concerns, or find out ways you can help, please do not hesitate to contact your local police or myself.

Yours truly,

Sutheat Tim, LL.M., MBA
City Solicitor
