6. OTHER BUSINESS

6.1 COVID Response

Chief Skinner stated that the Stratford Police Service (the "SPS") are making all attempts throughout the pandemic to provide education first to permit the individual an opportunity to voluntarily comply with the orders and regulations.

A number of the concerns relate to persons not wearing face coverings. To date, SPS has not had to move towards enforcement by penalty.

Over the past weekend, direction was provided by the Province to all police services in Ontario regarding enhanced powers to respond to infractions related to the pandemic. Since that time, the direction has been rescinded although the police still retain provisions for enforcing orders and regulations during the pandemic.

In response to an inquiry of how the public should respond to any public gathering such as a protest, Chief Skinner stated that the public should adhere to public health restrictions related to gatherings. If there are situations that the public is concerned about, contact the police immediately.

Public events that are in contravention of the law will be met with consequences, typically with event organizers being held responsible.

6.2 Onstreet Parking

Paul Dunseith stated that the Waterloo Street South and Elizabeth Street reconstruction will result in less parking for properties and that residents in the area feel that on-street parking should be restricted after construction is completed.

Staff reported that the Traffic, Parking and Boulevard Maintenance by-law is being reviewed and amendments will be presented to Council in the coming months.

6.3 Suspicious Person Identification

Paul Dunseith inquired if Crime Stoppers would identify to the public if there were persons with court conditions in the community.

Chief Skinner stated that information about an identifiable individual would only be released to the public if charges had already been laid and the police had a warrant for the person's arrest.

Chief Skinner reiterated that concerns about suspicious persons should be directed to the police immediately.

6.4 Park Patrol

Deputy Chief Foster provided an overview of the Park Patrol program and stated that SPS is targeting the week after the May holiday weekend as a start date.

In response to a statement that vehicles have been noted on the walking path of the loop trail, it was confirmed that the Park Patrol staff could monitor this situation and respond as required.

In response to an inquiry whether the Community Developer and Support Worker would be available to meet members at a future Community Policing Advisory Committee meeting, staff confirmed that they will make arrangements.

6.5 Body Worn Camera Program

Chief Skinner asked Deputy Chief Foster to provide an update on the implementation of the body worn camera program.

Deputy Chief Foster provided an update on the deployment of body cameras within SPS and stated that the process is progressing as planned. The first phase particularly relates to development, such as policies. Three members of SPS will wear body worn cameras for a quarter and then evaluate the process. It is anticipated that by the fourth quarter, equipment will be deployed to all members.

7. UPCOMING MEETINGS

Chair Diplock reviewed the upcoming meeting as presented on the agenda.

8. ADJOURNMENT
