6.2 POLICE MONTHLY STATISTICS

Deputy Chief Foster presented the January 2022 monthly report.

In response to an inquiry whether the three careless charges were related to the MVC statistics, Deputy Chief Foster stated he does not have that information at this time.

In response to a question whether the false alarms may have been related to weather, the information was not available at this time.

In response to inquiries about the process for reporting fraud, the members were advised that all concerns should be reported to the Stratford Police Service although not all will be referenced in reporting.

Moved By Jacqui Hibbert

Seconded By Councillor Edney

THAT the January 2022 Police Monthly Statistics report be received.

7. OTHER BUSINESS

7.1 Vision Zero Update: B. Kittmer

Brent Kittmer provided an update about the Road Network Safety Plan initiatives.

- Traffic by-law updates have resulted in the replacement of yield signs to stop signs.
- The Town created a Snowmobile Enforcement Plan and partnered with Stratford Police Service to implement the tasks.
- The Community Resources Officer has been working with local snowmobile clubs to ensure that communication is shared about applicable by-laws requirements. The Community Resources Officer was part of an education and enforcement campaign that unfolded to the northwest of St. Marys earlier in February with positive results.
- A number of stop bars will be painted this year to increase visibility of the intersection.
- Reviewing traffic camera service in St. Marys as experienced in a handful of municipalities. Staff will report back to the Committee in the near future with further details.

Next steps will be an intersection review over the next few quarters with a report coming back following.

Mr. Kittmer confirmed that there is not a specifically identified budget for vision zero initiatives, rather initiatives will be funded through a number of operation budgets such as signage, line painting, etc. Once the Road Network Safety Plan is developed, it will be used to develop annual budget allocations to implement its recommendations.

Chief Skinner provided comments on the recent announcement of the cancellation of fees for the provincial licence plate sticker. A number of

Services are transitioning to the utilization of an automatic licence plate reader (ALPR) system which is supported by the provincial government. ALPRs have the ability to read plates within a proximity and provide an alert of any registration concerns.

8. UPCOMING MEETINGS

The Chair reviewed the upcoming meeting as presented on the agenda.

9. ADJOURNMENT

Moved By Paul Dunseith

Seconded By Jacqui Hibbert

THAT this Community Policing Advisory Committee meeting adjourn at 9:41 am.

LAS Partners with Conduent Transportation for Automated Speed Enforcement

November 3, 2021

(Toronto/Edmonton) — Local Authority Services (LAS) is partnering with public safety solutions provider Conduent Transportation to offer all municipalities in Ontario an innovative Automated Speed Enforcement (ASE) program.

In 2017, the Ontario government amended the Highway Traffic Act to allow for the use of speed enforcement cameras in designated school and community safety zones. LAS' new service helps participating municipalities improve public safety and manage speeding in their communities by enforcing speed limits in targeted zones.

"It's a priority to keep pedestrian and drivers safe by enforcing speed limits in community safety zones," said Gary McNamara, LAS Board Chair. "Our municipal members have been asking for an affordable way to enforce speed that provides good value, slows down motorists and improves community safety. We are thrilled to offer a program that will meet all those needs."

Working in coordination with community policing efforts, speed enforcement cameras are a useful tool to help municipalities protect community safety zones.

LAS selected Conduent Transportation, a global business unit of Conduent Incorporated, through a competitive bidding process. The committee included LAS staff as well as municipal members and industry experts. Conduent's solution offers Ontario municipalities a choice in approved vendors for their community speed enforcement program. Municipalities will have flexibility to create a program tailored to their needs, with input on how and when the system is operated.

"This new partnership with LAS demonstrates our commitment to providing solutions and technologies that make cities smarter and safer. We are also an industry leader with a 25-year history of providing effective enforcement solutions in Canada," said Mark Brewer, Group President, Transportation Solutions at Conduent. "We are pleased to offer LAS and Ontario's municipalities an innovative program to improve traffic safety, change driver behavior, and provide safer roads."

About LAS

LAS is the business services arm of the Association of Municipalities of Ontario (AMO) and is mandated to provide valuable programs and services to Ontario's municipalities and the broader public sector. AMO is a non-profit organization representing almost all of Ontario's 444 municipal governments. AMO supports strong and effective municipal government in Ontario and promotes

the value of municipal government as a vital and essential component of Ontario and Canada's political system. Learn more at www.las.on.ca.
